# Event Fees and Anti-doping contributions for IOF Event organisers

---

## Introduction

This document is produced once a year. IOF Council decides on fees in their autumn meeting each year. The fees are set for the coming application period, which means that the events differ for how far in the future fees have been set. Event fees for the application period 2019-05-01 to 2020-01-01 were decided on the autumn 2018 meeting.

All figures in the tables of this document are expressed in EURO.

The fees are finally written into the contract that the IOF signs with the organising federation after an event has been appointed.

## Fee – Organiser rights

Every event has an organising rights fee. The fee can be related to the whole event, per competition, and/or per Participant. The **total** Organising rights fee for an event has to be calculated dependant on these relations. For example, if an event has a fee related to 'Per competition', you have to multiply the fee in the table with the number of competitions in your event. 'Per competition' is always related to a 'Final', which means that a Sprint competition with a Qualification Race and a Final Race should be counted as one competition.

For Organising Rights fees, see appendix A.

## FootO WOC

FootO WOC is the biggest event in the IOF Event portfolio. Since WOC 2020, IOF and the organising federation negotiate about the format and amount of the organising rights. The fee is dependent on factors such as TV production responsibility, sponsorship deals and other factors from case to case.

## WRE Service fees

WRE events have a model where the fee is dependant on the organising federation membership group and the number of participants. IOF Member federations in group 6 and 7 have a lower fee. There is also a minimum and maximum value of the total fee for an event.

IOF Membership groups can be found on the IOF Web under *About the IOF/National federations*

## Fee – Application processing fees

FootO WOC and WMOC have an application processing fee to be paid when an application is sent in. See application processing fees in appendix B.

## Anti-Doping contribution

IOF have an Anti-doping Fund which is the major source of funding for Anti-doping testing. Senior World Championships, World Cups and European Championships as well as FootO Junior World Championships contribute to the fund with a fixed amount.

For Anti-Doping Contribution fees, see appendix 3.

## How to read the tables

1. Find your event type in A column
2. Find your discipline in the B Column
3. Look in the C column how the total fee is calculated
4. Find the right event year in the columns D-K.
5. Calculate the total fee for your event.

For general abbreviations, see the document *List of Acronyms* on the IOF Website, under 'Resources'.

## Special abbreviations

ROC Region>15 = European Championships. Europe have more than 15 member federations.

ROC Region= $\leq$ 15 = All other Regional Championships. They have 15 or less member federations.

## Appendix A

A	B	C	D	E	F	G	H	I	J
Event application year	(All)								
Sanction Fee Type	Organising rights								
Event			2018	2019	2020	2021	2022	2023	2024
